# STUDENT WELLNESS DAY

*Community building activities for students to introduce them to different health and wellness topics. An opportunity that is accessible for all students and perfect for incorporating movement and creating common language throughout the school.*

## DETAILS

### **FULL DAY ("ON WHEELS")**

- The “on wheels” opportunity includes a 30-minute community “kickoff” meeting, introducing students and staff to the foundations of yoga, mindfulness, and the value of connection with others. The remainder of the day allows ZENworks Yoga instructors to travel to individual classrooms and deliver a 25-minute interactive lesson on the connection between the brain, breath, and body.
- Students will learn a variety of breathing techniques to help with self-regulation, movements that shift energy in the body to help with learning availability, and mindfulness practices that teach present moment awareness.
- Each lesson will end with a culminating activity that promotes accountability, teamwork, and fosters classroom community growth.
- This program allows students to remain in their classroom, with minimal distractions for a more personal and meaningful experience.

*\*\*This option can be run as half day opportunity with modifications that meet the needs of your building and/or community.*

*additional options continued on next page...*

## FULL DAY ("FIELD DAY")

- The “field day” style program includes a 30 minute community “kickoff” meeting, introducing students and staff to the foundations of yoga, mindfulness, and the value of connection. The remainder of the day is spent with students rotating to various stations located in a large space (i.e. field, gymnasium, cafeteria).
- Each station will feature a different component of the Pause, Breathe, Reset toolbox for self-regulation, wellness, and team building. Stations will run for 15-20 minutes.
- Students will receive an interactive participation booklet that will coordinate with each station visit and has additional information, resources, and activities.
- Student will receive a token of participation at each station that will build a take-home mindfulness tool at the end of the day.
- The program culminates with a community meeting in which all participants can demonstrate what they’ve learned by moving together through a series of breaths, poses, and affirmations or contributing to a school-wide art piece. The community meetings are optional and can be grouped by grade level, if applicable.

*\*\*This option can be run as half day opportunity with modifications that meet the needs of your building and/or community.*
